Chapter 1 by ıçc cöld

I marched in wearing a beautiful gown that made every feminine curve pop just right. I was the bella of the ball. Well I thought I was. Instead of lovely lady. All I heard was "Four eyed whore"

Chapter 2 by noemi

i've heard it all ranging from four eyed monster to freak of the century.they never bothered me but i never had to deal with it but since my parents died i had moved from my home to try and leave the past behind me and move on ,everyone has heard the saying"you cant change everyone else but you can change yourself" never had i imagined that if i had just changed my clothes or hair would the comments stop . no matter what i changed all i ever got was full blown insults ,whore slut,b*\$#@,and many others.no one ever accepted the me that was they never wanted the false me . these people were never satisfied . they were vultures ,the moment that someone was down they swarmed ,circled until the right moment to attack .they say "your a kid live it"," thrive" and "slow down you wont get another chance to be and do as you like without being held back by life".

they dont realize just how hard it is to do just that knowing that youre not safe by yourself because the thoughts the memories that consume you that take over life ,hurt and are slowly ,oh ,so slowly bringing you down and the things that happens when at school just speed up the process they say talk about it but they never say how irrational they think were being they just claim to understand you they will make you trust them then stab you in the back when you least expect ,while you already have a couple knives there they thrust it deep and twist,school is like the wild and all "four eyes""freaks""nerds"and anyone else that they push out are there prey

they huddle in the corner or are really loud and obnoxious the moment your guards down they bite and they dont let go until they have what they want something has caught there eye no matter where I go in the

until i saw him
